FlagView's HistoryWelcome at the IGN Cutting Moon: A wonderful life guide Wiki, which covers everything from animals, crops and trees, cooking, kissing activities, and getting started in games. A bit running down, half-job worked for you your dad. A cow, a tiny valley in a house, and three gardens with no crops nor trees are the gloom stats. It is up to you, and the assistance of Takakura (your father's oldest friend) not only makes the firm a success, but to get to know your neighbor, get a married wife, and raise a family. This will not be an easy and accomplished task, as the amount of activity for your growers makes them entrenched indeed. This is where IGN comes in, evaluates the game, and gives you down the low on each and every little bit of the experience you might imagine. Whether it is animals, crops & trees, cooking, humans, or kiss activities, we'll have all the necessary information. It's been developed and published by Wonderful Interactive, and is part of the long-running history of series of video games. The GameCube version offers connections to the Advanced Game game, Harvest Moon: Friendships in Mineral Town. A special version of title a special life edition was released on PlayStation 2 in Japan in 2004 and North America in 2005. It was later released on PlayStation 3 and PlayStation 4 with improvements on lag root issues from the PlayStation port. Cutting Moon: Another wonderful life, the girl version of Harvest Moon: A wonderful life, was released for the GameCube in the world which speaks English in July 2005. The player starts the game with one herd, and can later buy additional, higher quality animals as well as sheep, chickens, and a horse. The cow will cease producing milk after 40 days, and he will be impressed to keep making milk. In addition to the traditional Moon Harvest animals, this is the first game in the series of ducks to feature with a goat. The player starts the game with a dog, and has the choice to ear or ear pointed. Later in the game, the player can receive a chat from Romana. Seen in the desert is a tanuki, a lieutenant, and a tortoise, as well as a chihuahua that appears to be a pets at the searched site. Also remarkable is Mukumku's, which looks an abominable snow. The Mukumku can only be seen during winter near the tree in which the Harvest Sprites live, and the enclosure areas commonly referred to as the forest. The player's farm has three fields, with various levels of fertility. Plants must be watered more than once every day and nurilize and fertilizer to obtain high-quality fruits and vegetables. Every crop has its ideal season growing, and will be unfortunate if planted at this time of year. To get the higher crop and seeds, the player must water and fertilizer the crops every day. The game offers a variety of crops and trees, and offers the ability to create hybrid crops. The player can do so by eating any two different grass or crops in a speaking plant, Tartan, which appears after befriending Takakura and him in the morning, from Chapter 2 on direction. This is the first game the Moon plays not only has a child after marriage, but children of adult age as well. The player's son will be similar to their wives, and they have a unique set of interests and talents. The child's personality may be influenced by taking his place, introducing him to people, and giving him gifts related to various fields. At the end of the game, the (now adult) son will choose one of seven possible careers: growers, ranch, musicians, artists, scholars, scientists, or scientists. If he becomes a grower or a ranch, he will take over the family farm, although he can't get married. Connection If the player connects an Advanced Game with Moon Harvest: Friend Mineral City or Moon Harvest: More Mineral City friends of the GameCube while playing a wonderful life, the two games can exchange information. The connectivity initiative requires going to the mountain path next to farm vegetables where Celia lives in a wonderful life, and to send an offering to the Goddess' Crop to The Friends of Mineral City. Non-player characters (NPCs) in the Forget-May-Pa Valley will begin commenting on events in Mineral Town, and vice versa. In addition, some NPCs will make periodic trips to Mineral Town, return with new items to sell or suggestions for the player. Takakura, an elderly man who used to be the father's best friend, is talking (or thinking) to their father, stating: He wasn't happy. But it didn't seem to have a direction in life. One day, I went to see him. I told him on the farm you left him. Your son didn't seem to know much about farming, but he wanted to give it a try. So I brought it to Forget-May-Not-Valley.. The actor then is seen walking down the village with Takakura, and explains how he and the actor's father own the farm. Soon, two dogs will appear to play the selected one hold. Takakura agrees to showcase the player of the value and introduce them to their village, including the qualifying bachelor: Celia, Nami, and Muffy. The story begins in this chapter, which lasts long a year, the player starts at their home at 5 AM. They are now in control of the game, and start with a cow, a letter, two records, two tomato pills, and 3000G. The player must be married in that chapter, or to be left the city and lead to the end of the game. Happy anniversary of this chapter, lasting two years, the actor has a son whose personality depends on his mother. The player will have an extra room, a cooking room and breakfast, and will also get a frijent and two bathroom. The player can receive a chat from Romana, and the toddler can pick up and play with. The dug site and home get bigger. Some character appearance has changed and new people move in. Winds currently sell toys and a goat, which can only be purchased in spring for 4000G. Pill maker can get into Daryl if he isn't bought in the first chapter, and Tartan can get. Duck can show up at the play farm to start in this chapter if it's a allergic to owning. Galen moved, and now lives in a pick up on the hill beside Vesta's farm. Nina's wife, dies of natural causes; his grave beside Vesta's farm. The protagonist also unlock some opportunities at the beginning of this chapter like discovering Tartan after befriending Takakura, or receiving Alarm the clock from Grant. This chapter was renamed in a Birth of Harvest Moon: A Special Edition of Wonderful Life, Happy Harvesting in This Chapter, lasting three years, the actor's son grew up in a seventh- or eight years. Hugh and Lumina's appearance has changed again and they expanded the player's house. The player's overall career career must be far away by befriending village with similar careers. Happy Farm Lives in this chapter. Lasting long two years, the player's son is a teenager and wants to be independent. The player is aging, as there are most people in the fund. The player's career cannot change now without his confusion. The ruins have grown even bigger, so you can dig a lot and make a good profit. On the journey of this chapter, lasting, the actor's son is now a young adult, and their wife is aging. His action skating the player for year one, like harvesting and looking for a spouse. Breaking them even bigger. There is no possible way for the player's career choices to change right now. The twilight of that chapter, the play and other villages were aging. The actor's son is now certain in his career, and may not be far away. The game ends with the player's death and Takakura thinks of their father on how Forgotten-May-Pa Valley after the player's death. The chapter of Heaven chapters is only played in Moon Harvest: A wonderful special edition. In this chapter, the player can play at any pace or chapter they want. And the lord became their wives and their sons and their sons, with their money and their cattle and their crops. The development of this section needs expansion. You can help you add to it.(November 2012) Bonuses of pre-order Americans were a collectible dog plush that was included in the game when ordered at participating websites. Game Related An Updated Version Called Oh! A wonderful life in Japan for 2 In November 2004. The English version was called a wonderful special life edition and was released at the end of 2005. While very similar to the original version of a wonderful life, some extra items and events have been added in addition to an updated sound. The most notable change was the ability to have a daughter, the ability to marry Lumina, and the ability to continue playing after death. [3] On May 16, 2017 it was announced that a remake of the special edition was scheduled for the PS4 with a planned 2017 distinction. [4] The PlayStation 4 version of the game is said fixed most of the lag from the PlayStation 2, making the game more playable, added trofit support, better resolution and quality. However, some lag problems with little glitches still remain. The girl version of Moon Harvest: A wonderful life, Harvest Moon: Another wonderful life, was released for the GameCube in the World Speaking English in July 2005. In this game, the actor goes through the story of a wonderful life as a female character, and can court and marry one of three NPCs men, Marlin, Rock, and Gustafa. The game offers connections with the game Advanced Game Crop Moon: More Friends of Mineral City. Harvest Moon DS, the first game in the epic history to be released on the Nintendo DS, has the same setting and features most of the characters that come from a wonderful life. IGN gave the title an Impressive 8 out of 10 Rating, praising gameplay and sustainable appeal while also noted audio monotonous and institutions lack of festival. [9] A wonderful life was to garner an 8.7 Rating from Ryan Davis at GameSpot. Echoing other reviews, Davis regarded as him a fun and potentially addictive teen game, if you leave it, will gladly consume any free time you choose to give it.[10] Special Edition released for PlayStation 2 didn't receive such strong praise.IGN's Juan Castro gave it a score of 6/10 and noticed the differences, including an increase in march, choosing your child's gender and the ability to play forever, making little difference. What makes a difference, though, is the drastic drop of framerate, the increase in load times and mud graphics. [3] Official UK PlayStation 2 Magazine gave it a 7/10 rating.
